

DECEMBER Block of the Month

Christmas Tree 8" w x 8 1/2" h - Unfinished

All seam allowances included in unfinished size

- First make 8 half square triangles. One side green and the other beige. Each triangle should measure 2 inches on each straight side and $2\frac{7}{8}$ inches on the diagonal.
- Then follow the diagram of the tree for color and cut sizes and sew into rows.
- Join the rows and trim the tree if you wish.

Dolores Black

MERRY CHRISTMAS!
