

Microwave Bowl Cozy Pattern

Instructions from:

[Quilted Microwave Bowl Cozy Free Pattern | Craftsy](#)

What You Need

- Two 10" squares of batting (100 percent cotton only)
- Two 10½" squares of fabric (100 percent cotton only)
- Thread (100 percent cotton only)
- Fabric marker
- Pins

1 Stack your fabric

Place one of the batting squares on top of a fabric square, with the wrong side of the fabric facing up. Sew two diagonal lines from corner to corner. Repeat with the remaining squares of batting and backing.

2 Make your marks

Fold the quilted square in half, right sides together. Mark 1" from the center fold on the side. Also mark 1½" from the edge along the center fold. Draw a line connecting these marks. Sew on the line, then trim ¼" from that sewn line, as shown above. Repeat on the opposite side.

3. Repeat

Unfold the square and refold it in half the other way. Repeat Step 2 on the remaining side of the quilted square. Repeat this process on the second square, so both are the same.

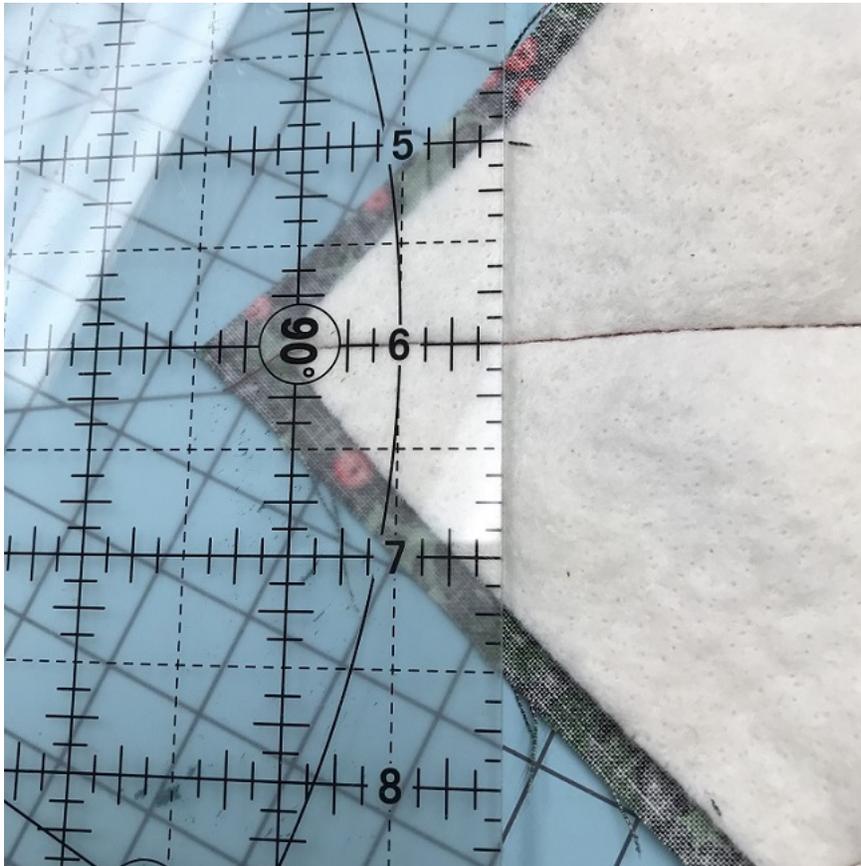

4. Layer and Pin

Layer the two quilted squares, right sides together, and pin near the trimmed seams on each side.

5. Optional: Cut the Corners

Place a ruler on one corner of the two layered quilted squares. Measure 1" on the sewn seam. Cut along this line, removing the corner of the square. Repeat on all four corners.

6. Stitch

Sew a $\frac{1}{4}$ " seam all the way around the edge of the quilted squares. Leave an opening a few inches long.

7. Close the Gap

Trim across the corners. Turn the piece right-side out and pin along the edges to keep the fabric in place. Pin the opening closed, tucking the raw edges into the seam allowance. Topstitch $\frac{1}{4}$ " around the entire edge of the bowl, securing the raw edges from the opening into the seam.
