Making and Positioning the Parts

1. Place fusible web with paper side up on pattern pieces, and trace around each pattern with a pencil or permanent marking pen.
2. Rough cut pieces.

Trace patterns on paper side of fusible web.

3. Place fabric wrong side up on pressing mat. Center rough side of fusible pattern on wrong side of fabric.
4. Fuse in place following the manufacturer's guidelines. Allow pieces to cool.

Center rough side of fusible pattern on wrong side of fabric.

5. Using sharp scissors, cut out each shape on line.

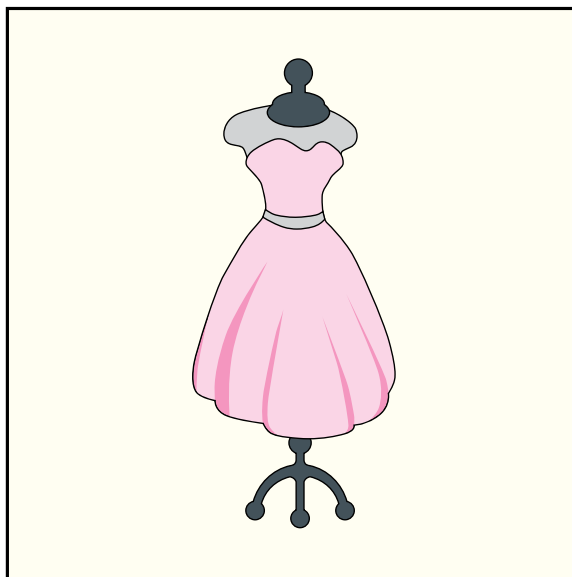

Cut out each shape on pencil line.

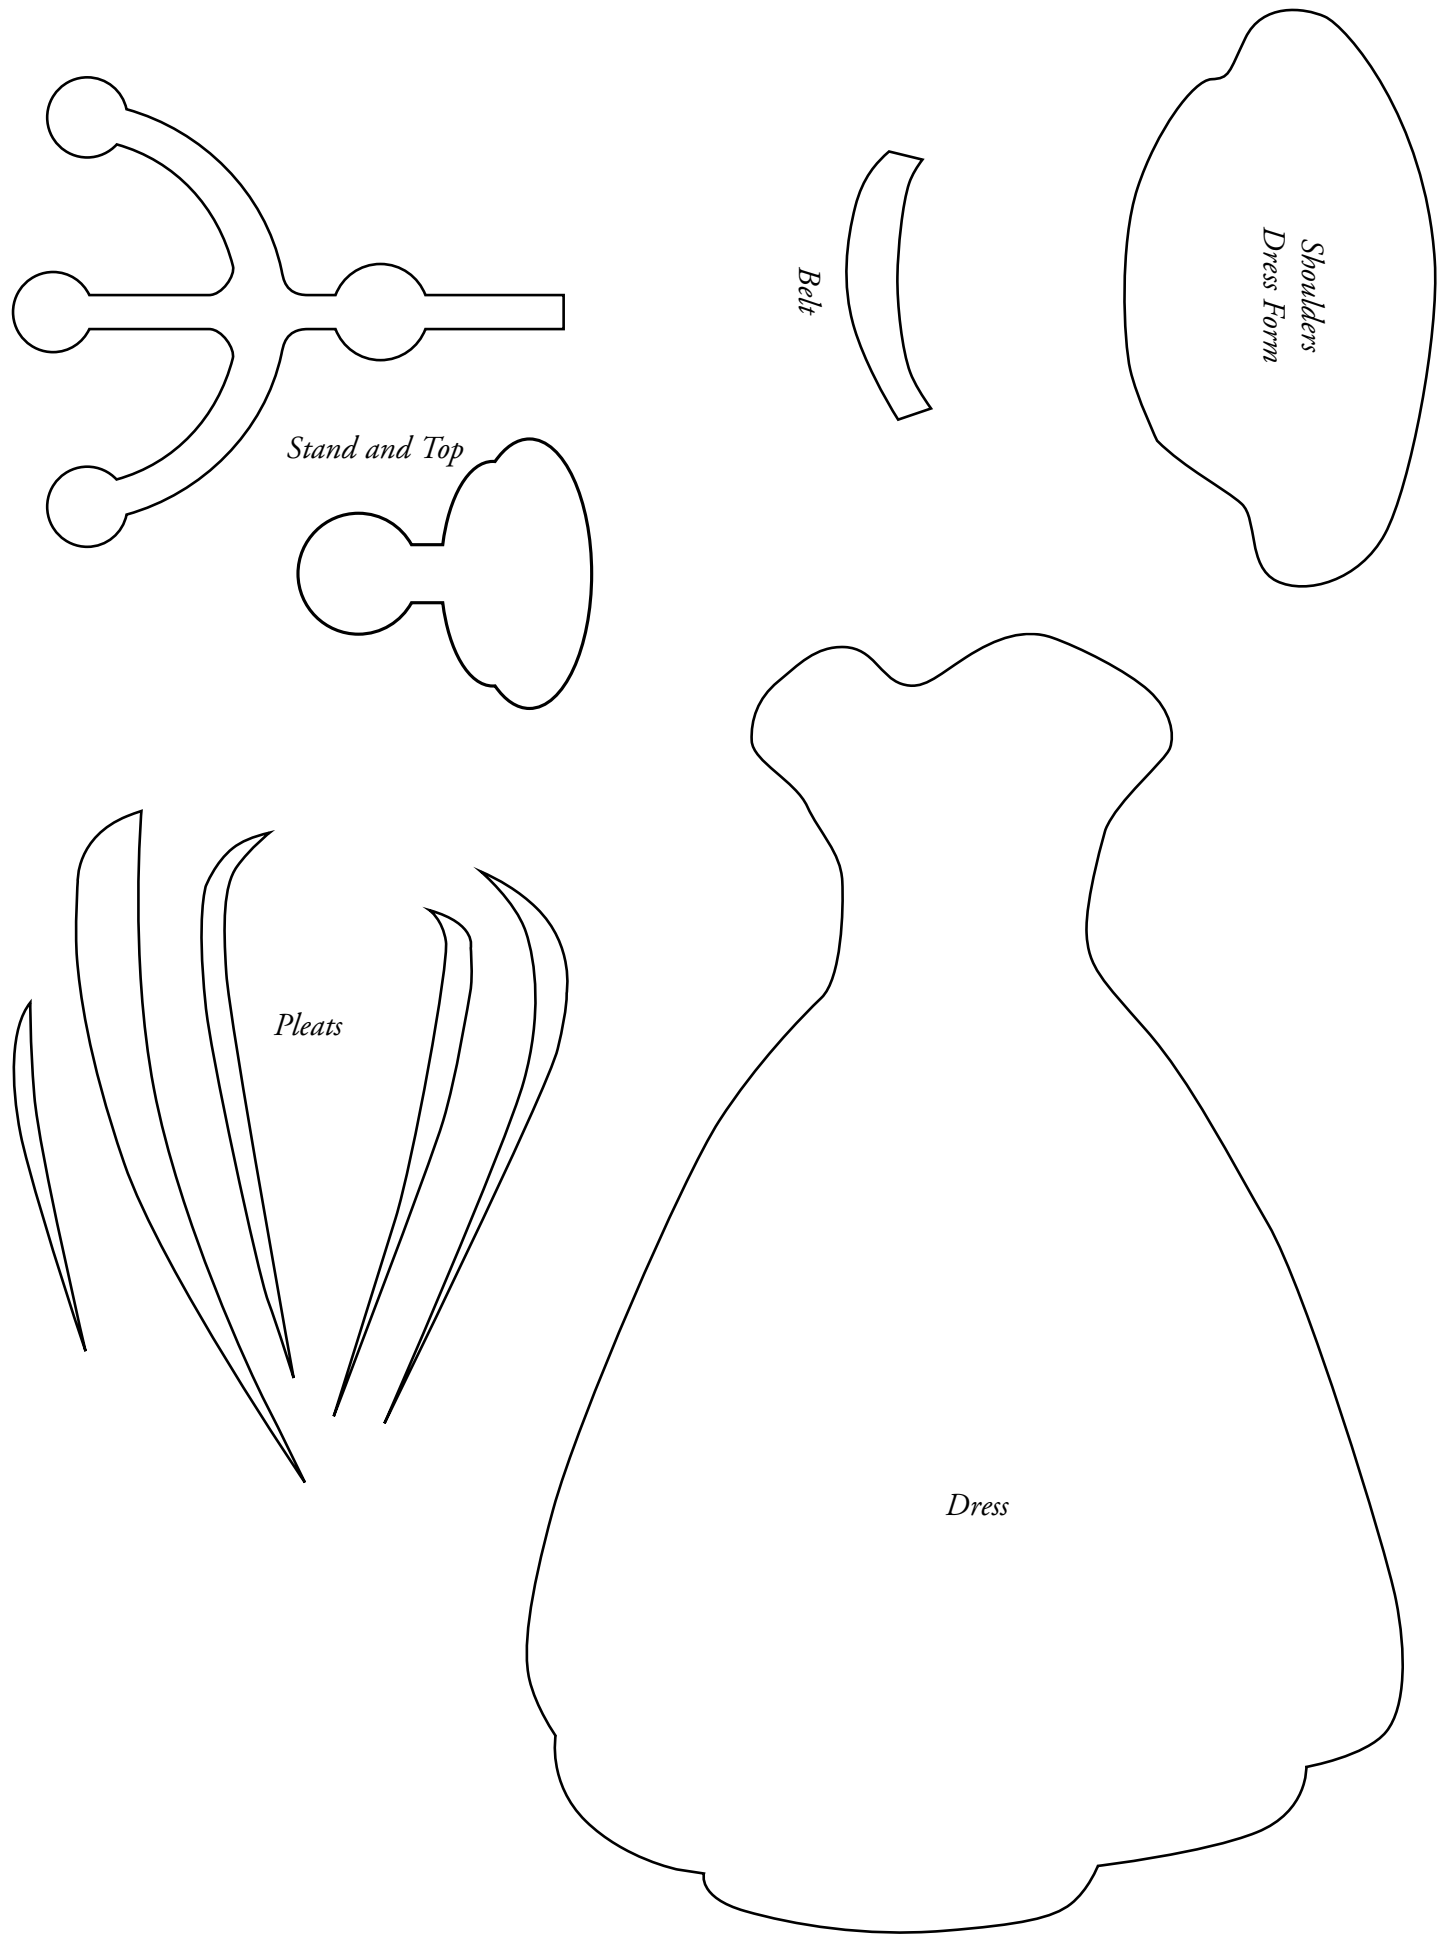

6. Peel off paper backing by running your fingernail across the edge of the paper, or scratch the paper with a pin.

Peel off paper.

7. Position pieces on Background. Carefully overlap appropriate pieces.
8. Fuse in place. Embellish as desired
